SMART PRO

# Gravina's Windows and Siding, The Most Referred Denver Window Company

Family owned and operated since 1988, Gravina's is proud to serve as one of Colorado's premier window dealers. We can simplify your life by offering a wide range of top of the line window products, to meet any style, project or budget. We excel at customer service, guiding you before, during and after your purchase, and we take pride in our superior workmanship. Gravina's offers a transferable lifetime warranties, with two years labor on service, so you can rest assured that your purchase will always be protected.

# Views that meet **your expectations.**

We're proud to offer ValueSmart Pro windows manufactured by Great Lakes® Window. Imagine windows designed to create the welcoming atmosphere you've always wanted. You're cozy through every season. Nights are quiet and days are peaceful. Even your energy bills are lower. There are so many benefits wrapped up in ValueSmart Pro windows, and they're ready to make your home safe and sound.

For over 35 years, the Great Lakes® Window brand has been focused on customers' needs to ensure that every one of their hand-crafted windows and patio doors are energy efficient and reliable. Whatever your style, we can create a custom window that complements your home.

## Your Guide to Performance

The technical features to keep in mind when considering energy-efficient windows for your home.

### Panes of Glass

Two or three panes of glass decreases the amount of temperature transfer from outside your home.

### Glass Coatings

Thin, virtually invisible Low-E metallic coatings on the glass surface reduce heat transfer and protect against UV rays.

### Insulation

Optional R-Core frame insulation can help improve the efficiency of your windows.

### Gas Fill

Non-toxic gases inserted between the glass panes, instead of air, help further insulate the window and increase efficiency.

### Warm Edge Spacer Systems

Spacers separate and secure the glass panes to optimize the performance and structure of the glass pack.

### Sound Transmission

Options like thicker glass, asymmetrical construction and high performance interlayers help keep your home quiet even if it's loud outside.

### Vinyl

Vinyl does not peel or chip like painted wood windows, requiring less maintenance over time.

For additional information on performance options available with ValueSmart Pro windows and patio doors, contact Gravina's Windows and Siding Co. of Denver, serving the whole metropolitan area.

# Overall Features

- 1 Glass systems with Warm Edge (standard) or Warm Edge+ (optional upgrade) spacer systems and HP or HP<sub>MAX</sub> glass package options offer increased energy efficiency
- 2 Vinyl won't conduct heat or cold, dramatically reducing frost and condensation
- 3 Pinch fusion-welded sash and mainframes for high strength and high energy efficiency
- 4 Double hung windows feature integral interlock for a weathertight seal and extra security
- 5 New Generation uPVC vinyl never needs painting and resists conducting heat and cold
- 6 Limited lifetime warranty means your windows are protected under the warranty for as long as you own your home
- 7 Sloped sill with unique SilLock design ensures natural water run-off
- 8 Warm Edge glass spacer systems reduce thermal transfer around the glass perimeter by using a unique U-shaped channel to separate glass panes and interrupt the natural flow of heat to cold

# Top Performing Glass Packages

Our glass packages not only provide clear views, they enhance comfort by making your home as energy-efficient as possible.

Choose from an array of ENERGY STAR® rated performance glass packages.

Contact your local Great Lakes Window dealer to find the right glass package for your area.

## Custom Grilles

### Benefits that endure.

For as long as you live in your home, we give your windows full protection with our Limited Lifetime Warranty\*. Our warranty covers the frame, sash, glass seal failures, hardware, screens and more.

### Exceeding the standards.

We're also proud to be an ENERGY STAR® Partner. That means our windows meet the strict energy efficiency guidelines set by the U.S. Environmental Protection Agency and the U.S. Department of Energy. The result? Windows that help the environment as well as reduce your energy bills.
